Ulladulla Fossil House
Green Street, Ulladulla

Adults $10, Children $5, Families $25

Learn about the coast of **Gondwana**, its age and climate, the abundant invertebrate fossils recognised by palaeontologists as "world class" and how these marine animals were preserved in sedimentary rocks in intricate **Casts** and **Moulds**.

Learn about the ecology in which these animals lived and died.

Discover what New Zealand has to do with the **Tessellated Pavements** on the rock platforms, how there came to be fossils at the top of Pigeon House Mountain and how huge boulders of granite came to be embedded in sedimentary rocks around the headlands.

And what are **Glendonites**, **Concretions** and **Drop Stones**?

Walks start at the grassed picnic area near the Ulladulla Marine Rescue Building

WALKS PROGRAM

DAY/DATE	START TIME
Sunday, 27 September 2026	02:00 PM
Monday, 28 September 2026	02:00 PM
